## AUDIT FINDINGS

### **Narrative:**

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-audit, on-site audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

An audit of the Grand Forks County Juvenile Detention (GFCJDC) facility in Grand Forks, North Dakota was conducted on August 28 and 29, 2019 by Candy Snyder, a certified PREA auditor, and assisted by Mark Snyder, an auditing assistant.

An entrance meeting began with Lieutenant Larry Ahles. The Administrator, Bridgie Hanson, joined us a later time. Following the entrance meeting the lieutenant conducted the audit team on a facility tour. The auditor then began interviewing specialized staff beginning with the PREA Coordinator, Corporal Robin Spain. Suitable and private accommodations were made for the auditor to conduct interviews. The auditor was not limited in any way from speaking with staff or youth or inspecting any area of the facility. The auditor was given access to the facility at all hours of the day in order to conduct interviews with staff on all shifts. The GFCJDC is a small facility and key staff hold multiple positions. All staff were extremely polite and accommodating throughout the audit.

The auditor conducted a review of the application and hiring process and employee background checks. There were no sexual assault or sexual harassment allegations made over the past review period and thus, no investigative files to review.

The Lieutenant provided a copy of the staff schedule. As the facility is small, the auditor interviewed all staff on shift and returned early the following morning to conduct interviews of staff coming off the overnight shift. The staff interviews represented staff covering all shifts and varying degrees of longevity. The auditor asked specialized questions of staff regarding screenings, searches, first response and the intake process.

The auditor completed interviews of the five youth present at the facility. The facility screenings were complete and reviewed. Youth that met the criteria for additional interview questionnaires were interviewed. The facility does not use isolation and this was confirmed through direct observation and through interviews.

An exit briefing was held with the facility Administrator. The auditor provided a preliminary finding of each standard with the caveat that this was subject to change as the auditor continued to review documents, may have questions to be answered and prepares the interim report. The auditor thanked the GFCJDC staff for their hard work and their commitment to follow the Prison Rape Elimination Act and most importantly, their dedication to and caring for the youth under their charge which was extremely apparent during all interactions.

**AUDIT FINDINGS**

**Facility Characteristics:**  
The auditor’s description of the audited facility should include details about the facility type, demographics and size of the inmate or resident population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The facility is located in Grand Forks, North Dakota. The facility was remodeled in 2004 to its existing structure. It is located on the second floor. The jail was previously housed in the same building, but a new jail was constructed and those spaces that adjoin the detention center are now vacant. The detention center is small. Upon entering there is a multi-purpose room that is used to conduct the initial interview with staff. The intake area consists of two initial holding cells with combination sink/toilet units and a private shower. There is a large indoor recreation room, a staff office, a control room and a small classroom. The youth housing area has six (6) single rooms each with a combination unit toilet/sink. There is a private shower where youth shower singly and private toilet and a small laundry room. Throughout the tour of the facility, the auditor noted PREA posters and the required posted audit notice.

**AUDIT FINDINGS**

**Summary of Audit Findings:**  
The summary should include the number of standards exceeded, number of standards met, and number of standards not met, along with a list of each of the standards in each category. If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance. Auditor Note: No standard should be found to be “Not Applicable” or “NA”. A compliance determination must be made for each standard.

|                                      |    |
|--------------------------------------|----|
| <b>Number of standards exceeded:</b> | 0  |
| <b>Number of standards met:</b>      | 43 |
| <b>Number of standards not met:</b>  | 0  |

The auditor previously audited this facility three years ago. It was apparent that the staff have continued their efforts in maintaining PREA compliance measures over the past three years. All measures put in place previously were continued and some items have been improved on. The facility has a strong culture geared toward the safety and overall well-being of the youth.

| <b>Standards</b>   |
|--|
| <p><b>Auditor Overall Determination Definitions</b></p> <ul style="list-style-type: none"> <li>• Exceeds Standard<br/>(Substantially exceeds requirement of standard)</li> <li>• Meets Standard<br/>(substantial compliance; complies in all material ways with the stand for the relevant review period)</li> <li>• Does Not Meet Standard<br/>(requires corrective actions)</li> </ul>   |
| <p><b>Auditor Discussion Instructions</b></p> <p>Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.</p> |

| <b>115.311</b> | <b>Zero tolerance of sexual abuse and sexual harassment; PREA coordinator</b>   |
|----------------|---|
|                | <p><b>Auditor Overall Determination:</b> Meets Standard</p>   |
|                | <p><b>Auditor Discussion</b></p> <p>The GFCJDC has a well-written PREA policy for GFCJDC with an effective date of May 24, 2016 and a signed revision as of December 14, 2016. The PREA policy mandates zero-tolerance and outlines the facility’s approach to preventing, detecting, and responding to sexual abuse and sexual harassment. The auditor observed that the procedures for following the standards continue to be met through directive and standard operating procedure. The lieutenant was the previous PREA Coordinator, but has turned over that role to the corporal. She continues the excellent work under his guidance. She has the authority to develop, implement and oversee the efforts and has the complete support of the Lieutenant and the Administrator.</p> |

| <b>115.312</b> | <b>Contracting with other entities for the confinement of residents</b>   |
|----------------|---|
|                | <p><b>Auditor Overall Determination:</b> Meets Standard</p>   |
|                | <p><b>Auditor Discussion</b></p> <p>The facility does not contract for the confinement of its residents with other private agencies/entities.</p> |

|                |  |

| <b>115.313</b> | <b>Supervision and monitoring</b>  |
|                | <b>Auditor Overall Determination:</b> Meets Standard   |
|                | <b>Auditor Discussion</b>  |
|                | <p>The GFJDC annually reviews their staff coverage, camera surveillance systems, adequacy of supervision and prevailing staffing patterns. As their population remains low they have made no changes. They continue to require one female staff and one male staff on shift at all times. They document any changes from this in an exigent circumstance log. There were two incidents over the past year and they were temporary until another staff could come in due to the on-shift staff unexpected need to leave shift. They maintain a minimum 1:8 staff to resident ratio during waking hours and a 1:16 staff to resident ratio during sleeping hours and they have no documented incidents of falling below this ratio. The PREA policy requires upper-level staff to conduct and document unannounced rounds by intermediate- and higher-level staff. These are documented in the log. The facility conducts strip searches upon intake. The staff member stands outside of the search area and always remains on camera that were installed specifically for this purpose after the last audit. This procedure allows for both protection of the youth and protection of the staff from false allegations while still maintaining the youth's privacy.</p> |

|                |   |
|----------------|---|
| <b>115.315</b> | <b>Limits to cross-gender viewing and searches</b>  |
|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | <p>The facility does not conduct cross-gender strip searches, cross-gender pat-down searches or cross-gender visual body cavity searches. This was verified through interviews with both staff and youth. The facility has an exigent circumstance log in which in the event of an emergency they would document a cross gender search. This has not happened as of yet.</p> <p>The facility has good procedures in place that enable residents to shower, toilet and change clothing without staff of the opposite gender viewing them naked. All youth are housed in individual rooms. The only time a youth would be in a state of undress is while either using the toilet or in the shower. Youth shower individually and privately in a single shower. There are digitally applied black boxes on the area of toilet in the youth's individual room. Many youth opt to use the private toilet when they have dayroom time. Staff of the opposing gender knock on the youth's room prior to entering the room. There have been no instances of transgendered or intersex residents admitted to the facility. However, the GFCJDC staff were aware of the responsibility of determining sex solely through professional conversation or through medical records or through part of a broader medical examination by a medical practitioner. The facility prohibits cross-gender searches, but provides cross-gender search in the event an exigent circumstance occurs and transgender, intersex search training.</p> |

|                |   |

| <b>115.316</b> | <b>Residents with disabilities and residents who are limited English proficient</b>   |
|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | <p>This standard requires that the facility administrator think ahead of how to effectively handle situations involving a youth who is limited English proficient or may have disabilities so that they may fully participate in protection efforts. Typically youth who do not speak English are brought to the facility by a border patrol agent who has a translator accompanying the agent. The facility does not use residents to interpret for other residents. The facility has an active contract with the Southern Wisconsin Interpreting &amp; Translation Services. They have instructed all staff in the use of these procedures and posted the numbers for this 24-7 service in easily accessible areas for staff. The interpretive services can assist in the intake process, screening process, education on how to report and if need be, translate during the investigative process. Staff work with youth who may have trouble reading or comprehension due to a disability or cognitive impairment. They read the information and explain it to them at a level they are able to understand.</p> |

|                |   |

| <b>115.317</b> | <b>Hiring and promotion decisions</b>   |
|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | The facility has performed background checks at the time of employment of new hires. The auditor reviewed personnel files to confirm the background check and Child Abuse and Neglect Background Inquiry at the time of employment. They require all background check be ran again every five years. They require three questions at the end of their application and require new hires to affirm that they have a continuing duty to report. The auditor verified this process by a review of personnel files. |

|                |  |

| <b>115.318</b> | <b>Upgrades to facilities and technologies</b>   |
|                | <b>Auditor Overall Determination:</b> Meets Standard   |
|                | <b>Auditor Discussion</b>  |
|                | There have been no major expansions or modifications at this facility since 2012. The administrators consider the ways in which to enhance their efforts and abilities to protect residents from sexual abuse through the use of electronic monitoring and video monitoring. They have camera systems in all key areas. Additionally, they have electronic monitoring in which they can hear the conversations within rooms from the control room. |

|                |  |

| <b>115.321</b> | <b>Evidence protocol and forensic medical examinations</b>   |
|                | <b>Auditor Overall Determination:</b> Meets Standard   |
|                | <b>Auditor Discussion</b>  |
|                | As soon as the administrator is notified of a sexual abuse the protocol is to call the Grand Forks Sheriff Department, and transport the youth to the Altru Hospital for a SANE Forensic exam. Altru Hospital has 24-hour SANE nursing available. The facility has a Memorandum of Understanding (MOU) with a local advocate from a rape crisis center, the Grand Forks Community Violence Intervention Center (CVIC). CVIC is the local advocacy agency in Grand Forks. They have trained advocates that provide counseling to survivors. They also provide accompaniments to Altru Hospital. This was verified though both the MOU and a phone call to the CVIC. |

|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | The policy and procedures are in place to always notify the Grand Forks Sheriff's office for every incident of sexual abuse. The investigative policy is posted on the Grand Forks County Juvenile Detention Center website <a href="http://gfcountry.nd.gov/Juvenile_Detention">http://gfcountry.nd.gov/Juvenile_Detention</a> |

|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | The GFCJDC provides PREA training to all staff. The auditor verified the training provided through their Relias training system. The Relias training has an exam process to verify understanding and if the staff do not pass a particular training module with a pre-determined score then they must re-take that training module. All staff sign a verification document acknowledging understanding of the required training components. |

|                |   |

| <b>115.332</b> | <b>Volunteer and contractor training</b>  |
|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | The GFCJDC has volunteers who work with the youth under the supervision of GFCJDC staff. The facility has documented training through volunteer signature that they understand the training they have received and list the components of the training. |

|                |   |

| <b>115.333</b> | <b>Resident education</b>   |
|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | <p>The facility provides residents information on GFCJDC’s zero tolerance culture regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment. This was evident through the interviews with youth. The facility provides written information and verbally goes over the written orientation information with the youth and then has the youth sign the form when complete. They also provide additional comprehensive education during a video with the opportunity to ask questions. This session is completed within ten days of intake. This more comprehensive training includes their right to be free from sexual abuse and sexual harassment, to be free from retaliation for reporting such incidents, and regarding the GFCJDC’s policies and procedures for responding to such incidents. This information is continuously and readily available through posters throughout the facility as well as in the Youth Safety Guide. The auditor reviewed training records to verify both the initial training and the more comprehensive training.</p> |

| <b>115.334</b> | <b>Specialized training: Investigations</b>  |
|                | <b>Auditor Overall Determination:</b> Meets Standard   |
|                | <b>Auditor Discussion</b>  |
|                | <p>The Grand Forks Sherriff’s office conducts sexual abuse investigations. A specific detective who has experience and training with sexual assault cases has been assigned to specifically investigate criminal sexual abuse allegations within the detention center. The Administrator and PREA Coordinator conduct internal administrative, non-criminal investigations. Also, most of the staff completed the NIC investigators course, PREA: Investigation Sexual Abuse in a Confinement Setting. In addition, all abuse allegations are turned over to the Department of Human Services Children and Family Services on a Form 960 – Report of Suspected Child Abuse or Neglect.</p> |

|                | <b>Auditor Overall Determination:</b> Meets Standard   |
|                | <b>Auditor Discussion</b>  |
|                | Through interviews with the nurse it is apparent she is knowledgeable in how to detect and assess signs of sexual abuse and sexual harassment; how to preserve physical evidence of sexual abuse; how to respond effectively and professionally to victims of sexual abuse and sexual harassment; and how and to whom to report allegations or suspicions of sexual abuse and sexual harassment. The nurse has certificates for her participation in the National Institute of Corrections (NIC) courses PREA: Your Role Responding to Sexual Abuse; PREA: Medical Health Care for Sexual Assault Victims in a Confinement Setting; and Communicating effectively and professionally with LGBTI Offenders. |

| <b>115.341</b> | <b>Obtaining information from residents</b>   |
|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | The GFCJDC has a screening process that is initiated upon intake. The auditor reviewed the screening tool that the GFCJDC uses. The facility maintains and uses information about each resident's personal history and behavior to reduce the risk of sexual abuse by or upon a resident. The comprehensive screening tool evaluates all points as required by the standard. The questions relating to current charges and offenses history, age, level of emotional and cognitive development, physical size and stature, mental illness and mental disabilities, intellectual or developmental disabilities or physical disabilities are also asked on the medical/mental health screening questionnaire. |

|                | <b>Auditor Discussion</b>  |
|                | Screening information is used to make informed housing decisions. All youth are housed within in individual rooms at GFCJDC. The facility has had no transgender or intersex residents, but interviews indicate that a transgender or intersex resident's own views with respect to his or her own safety would be given serious consideration on how they are placed. All residents shower separately. The facility does not place lesbian, gay, bisexual, transgender, or intersex residents in particular housing, bed or other assignments solely on the basis of such identification or status, nor does the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive. |

|                | <b>Auditor Discussion</b>  |
|                | GFCJDC provides multiple internal ways for residents to privately report sexual abuse and sexual harassment, or retaliation. They can report to staff, write a grievance, put in a sick call slip and report to medical staff. They also can speak with the Administrator, the Lieutenant or the PREA Coordinator by making a request at any time. They can call externally to the North Dakota Department of Human Services, the Sheriff's office or the Community Violence Intervention Center. These numbers are available on posters posted in the dayroom and near the telephone. Youth reported feeling very comfortable reporting directly to staff and that there is a grievance process. The staff accepts reports made verbally, in writing, anonymously, and from third parties and promptly documents any verbal reports. The facility provides residents with access to tools necessary to make a written report. They also have phone contact with parents, attorneys and others outside of the facility who can report on their behalf. |

|                | Residents may submit a grievance alleging sexual abuse or harassment without submitting it to a staff member that is subject of the allegation. The youth does not have to complete any other prior steps in order to submit a grievance for an allegation of sexual abuse. There is no time limit on when a youth can submit a grievance regarding an allegation of sexual abuse. Staff and youth interviews confirmed their knowledge of how the grievance process can be used to report sexual abuse and sexual harassment, but it does not have to be reported by that method. |

|                | <b>Auditor Discussion</b>   |
|                | <p>GFCJDC requires all staff to report immediately any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility, retaliation against residents or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Apart from reporting to designated supervisors or officials and designated State agency, staff are prohibited from revealing any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment, investigation, and other security and management decisions. Medical staff are required to report sexual abuse to designated supervisors and officials as well as to the designated State service agencies. Such practitioners are required to inform the residents at the initiation of services of their duty to report and the limitation of confidentiality. The nurse states this is done verbally. The staff reports all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports, to designated investigators. Upon receiving any allegation of sexual abuse, the Administrator or designee promptly reports the allegation to the Department of Human Services, the Sheriff's office and to parents or the legal guardian.</p> |

|                | <b>Auditor Overall Determination:</b> Meets Standard  |
|                | <b>Auditor Discussion</b>   |
|                | Through interviews with the Administrator, the PREA Coordinator, then nurse and random staff there are procedures in place to appropriately act upon receiving an allegation of sexual abuse of a resident while at another facility with such action initiated no later than 72 hours and actions documented. Staff stated the notification must be from Administrator to Administrator. There was one instance in which a youth made an allegation of abuse that alleged to have occurred at another facility. The Administrator took the appropriate action according to the standard and documented the report. |

|                | <b>Auditor Discussion</b>   |
|                | GFCJDC staff seemed to be well versed in these procedures and were aware of all elements of this standard (separate alleged victim/abuser, preservation and protection of crime scene, to include collection of physical evidence as soon as possible by law enforcement or the SANE nurse, including the request of the victim not to take any actions which could destroy any physical evidence). Interviews with random staff confirmed knowledge of these procedures. |

|                | <b>Auditor Discussion</b>   |
|                | The facility has a coordinated response plan in their PREA policy. This plan is also posted on the wall of the control room/staff office as a continuous reminder. The policy outlines the coordinated actions taken in response to an incident of sexual abuse among staff first responders, medical and mental health practitioners, investigators, and facility leadership. In addition, the CVIC has a Coordinated Community Response Coordinator that ensures that at the onset of any report of sexual assault the SART team members respond. Staff interviews and interviews with the Administrator and the PREA Coordinator indicate staff are aware of their responsibilities to coordinate responses within the facility. |

|                | <b>Auditor Discussion</b>   |
|                | There are no barriers preventing the Administrator from removing alleged staff, volunteer, or contractor sexual abusers from contact with residents pending the outcome of the investigation and a determination of discipline. |

|                | <b>Auditor Discussion</b>   |
|                | The facility has a PREA policy that includes measures to protect against retaliation. The PREA Coordinator is charged with monitoring for retaliation. Should any other person who cooperates with a sexual misconduct investigation express fear of retaliation appropriate protective measures will be taken. Retaliation monitoring will be discontinued should the allegation be unfounded. Measures include housing changes, removing contact of alleged staff/resident abusers and emotional support services for those who fear retaliation. There have been no instances of alleged sexual harassment or abuse and hence no incidents of retaliation. |

|                | The facility does not use segregated housing of residents as a means to keep them safe from sexual misconduct. Interviews confirmed the prohibition of segregated housing for this purpose. Youth have individual sleeping rooms and when they are out of their room they are in the direct supervision of staff. Adequate precautions can be taken such as keeping the youth in more close proximity of staff to keep them safe. |

|                | The facility has had no reports of sexual abuse or sexual harassment. Administrative investigations will include efforts to determine whether staff actions/failures contributed to the abuse documented through written reports that will include physical/testimonial evidence, credibility reasoning assessments and investigative facts and findings. All written reports will be retained for as long as the alleged abuser is incarcerated or employed by the agency, plus five years. The Administrator and the PREA Coordinator are designated as the facility administrative investigators. The Grand Forks Sherriff's office conducts all criminal investigations. |
